I would like to thank all cadets who donated their time and efforts to work with the Civil Air Patrol at the CAF airshow. Each of you played an important role in CAP's successful accomplishment of its duties. For the sake of a more effective operation next year, I invite all cadets, particularly those that acted on staff, to email me with their opinions of this year's operation and any suggestions that they have. Let me know of areas that went nicely, as well as areas that could benefit from improvement. Thanks again for volunteering.

Civil Air Patrol has \$615,000 left unspent on the Free Cadet Uniform Program. EVERY cadet who joined this fiscal year (since October 1, 1999) should have received a letter advising them to reply by August 31. This date has now been extended to September 15th. Squadron Commanders, please check with your cadets and see that they have returned these forms. The cadets will receive a new blues uniform to include a shirt, pants, belt, shoes, and hat. But ONLY if they return the form. If the money allocated this year is not spent, then next year's allotment may be reduced. Every cadet should fill out and return the form. It should be signed by the parents of the cadet and the squadron commander. Squadron commanders need to keep track of the signed forms (note who you signed for) and see that the uniforms are returned to the squadron if the cadet leaves the program. Please make sure your cadets take advantage of this program so that it is there for future cadets.

1. I thank all of those who have Volunteered so far to help out with the Maryland Transportation Police's 3rd Plane Pull which

benefits the Maryland Special Olympics. I am still however in need of some more help, I need 5 more seniors or persons over 18 for a pull team. I am also in need of 22 more cadets to assist with other activities we will be doing. So far the I have 11 Cadets from Annapolis and 7 from Arundle that have given me their information. The airport has asked CAP to provide 50 persons to assist with guidance of the public to exits, in the event that moving the public is necessary.

2. Also for those attending a change in the parking has occurred. ALL volunteers will need to park in the Gold Lot. and take the shuttle from there to the event. This lot is off MD Route 176 Dorsey Road, it is about a mile from Wing HQ.

3. If you can assist please let me know ASAP. Remember you will get a lunch provided by Outback restaurant and a Plane Pull volunteer Shirt (This years is Blue)

4. If you have a Question please call me 410-354-

- 8683 office (I am in a lot of meetings this week) or 410-365-9956 Home or E-Mail jroyer@mdot.state.md.us

 All Maryland Wing HF nets will be continued on 4585 kHz. Use of 4630 kHz will be discontinued. "Effective immediately, MER will discontinue use of 4630 due to the high power interference being experienced. All MER HF nets regardless of scheduled time of operation will be conducted on the region primary frequency of 4585 until further notice. I am working with NHQ/DOK to try to expedite our request for a discrete HF frequency which is not as subject to the types of interference we are receiving on 4585 (teletype, etc).
